Color Class for Wool Appliqué –Thursday February 27th, 1-4 p.m.

Instructor: Laura Pedge

Class Description:

Color is always the biggest challenge for most quilters as well as hand appliquérs. Laura takes a “hands on” approach to this mysterious topic as it relates to the endless thread color possibilities. Most stitchers will match their thread color as closely as possible to their wools. Laura will provide some guidance to break free from your traditional color “box” and learn to add dimensionality, personality, shading and a whole new level of artistic creativity to your wool appliqué projects. During this workshop, students will be provided with a wool project, fused and ready to stitch on with access to Laura’s thread collection as well. Students will actually “stitch” various color theories.

Supply List

- ✚ Every Student will receive the “Busy Basket” project, fused and ready to stitch on, when you arrive at class.
- ✚ Laura will have her Valdani thread collection available for students to use with this project during class; Pearl cotton size 12, Silk Floss and Pearl Silk size 12.
- ✚ Bring as many of your own threads as you would like to aid with this exercise. Embroidery floss, pearl cotton, or whatever threads you like to use are fine
- ✚ Chenille needles, size 24
- ✚ Scissors for trimming threads
- ✚ Pen or pencil & paper for taking notes
- ✚ Recommended: Scrap of flannel fabric for practicing stitching
- ✚ Recommended: table top light for handwork is helpful
- ✚ Bring a bottle of water or other beverage for yourself.

Here is the project you will be working on during your Color Theory class.
