Wacky Hat
& Accessory
pack

Sunbonnet Sue: Western Sue Pattern Extension
Upgrade your basic 8" Sue

Hint: Trace your hat and boot pattern pieces onto fusible and fuse to your wools.

Hat

Use the photo for correct placement of the hat pieces. Start with the hat front placing it slightly under the hat top. Next, place the hat band on top of the hat front, toward the lower edge. Place the hat side piece on top of the hat band, covering most of that as well as the hat top piece. The layering of the four pieces is key to the dimensionality of the hat.

Boots

The left boot is slightly behind the right boot. Position the boots with the top of the boot just a little bit underneath Sue's dress. I used a satin stitch and black thread to create the heel of the boot. Trace the embroidery design onto Floriani Wet 'n' Gone water soluble paper and pin this into place on top of the boots. Stitch the embroidery design using a Stem Stitch and gold thread, directly through the water soluble paper. Soak in a sink of warm water for about 5 minutes, rinse and lay flat to dry.

Lasso

You may use the same technique of the water soluble paper to transfer this design to your background, or just free hand trace this with a water soluble pen on your background fabric. I used a Chain Stitch and brown thread to stitch this rope.
